Metal Table  
Collection

**GREEN OXEN**  
— ARCHITECTURAL SOLUTIONS —

The Metal Table Collection from Green Oxen presents modern options for your living or working space. The metal composition, mostly recycled aluminum and quartz, provides a strength and sleekness that cannot be found elsewhere. The tables come with a lifetime guarantee and arrive with minimal assembly required. Color options are available.

If you have your own ideas for modern aluminum tables and will like to present your own design for production, please contact Green Oxen and a representative will discuss the details involved.

A photograph of two white Egg chairs, one on the left and one on the right, flanking a small, square, light-colored table. On the table sits a vase with white flowers and a book titled "ULTRALUXE HOTELS". The chairs have a distinctive curved, egg-like shape and are mounted on a chrome base. The setting is a modern interior with dark wood flooring and a light-colored wall.

The  
Coliman

The Colima Metal End Table is forged using 6061 aluminum construction with structural adhesive bonding to the table top. Named after the Colima Mountain in Mexico the sheer weight of the Colima Metal End Table gives a sturdy, permanent feel to any room. With minor assembly – only legs need to be attached with two screws per leg – the Colima Metal End Table can be yours.

A photograph of a modern dining room. A long, light-colored table is set with several black chairs that have chrome legs. The background wall is made of horizontal wood planks. A large window or artwork is visible at the top of the frame. The text 'The Hesperus' is overlaid on the right side of the image.

The  
Hesperus

The Hesperus is the 2nd table in Green Oxen's line of long, sturdy, modern aluminum tables. It can be cut to any length up to 12 feet and is perfect for heavy use for a modern setting. Made of 100% recycled aluminum, the Hesperus is eco-friendly and is hand crafted and designed by Green Oxen designers.

The  
Nevado

The Nevado is named after Mount Nevado in Peru. It stands strong and immaculate and The Nevado table's designers used it as inspiration. The Nevado is made of aluminum and quartz and can be cut to any length up to 12 feet. Its modern, minimalist design is intended to blend effortlessly into a room's aesthetic. Easy to clean and sturdy like a mountain, The Nevado is a table among Green Oxen's modern aluminum tables that is meant for heavy use and a lifetime of enjoyment.
